02 Business Overview

Ecosystem of Makuake Service in the Distribution Market

- By providing wide-ranging support from new product and service planning phase to their launch and sales expansion after mass production, we accumulate various market data. Using these data, we provide businesses insights for their next new product while continuously offering consumers something new

02 Business Overview

Makuake

Makuake—Venue for Launch of New Products and Services

- We are a marketplace where consumers can buy premiering new products and services faster through “support“ pre-orders

Products Launched through Makuake

- In addition to goods, a range of new products, including experiences such as new store openings and tickets to entertainment works, across a broad spectrum of genres from various regions are premiered daily on Makuake

Makuake's Business Model

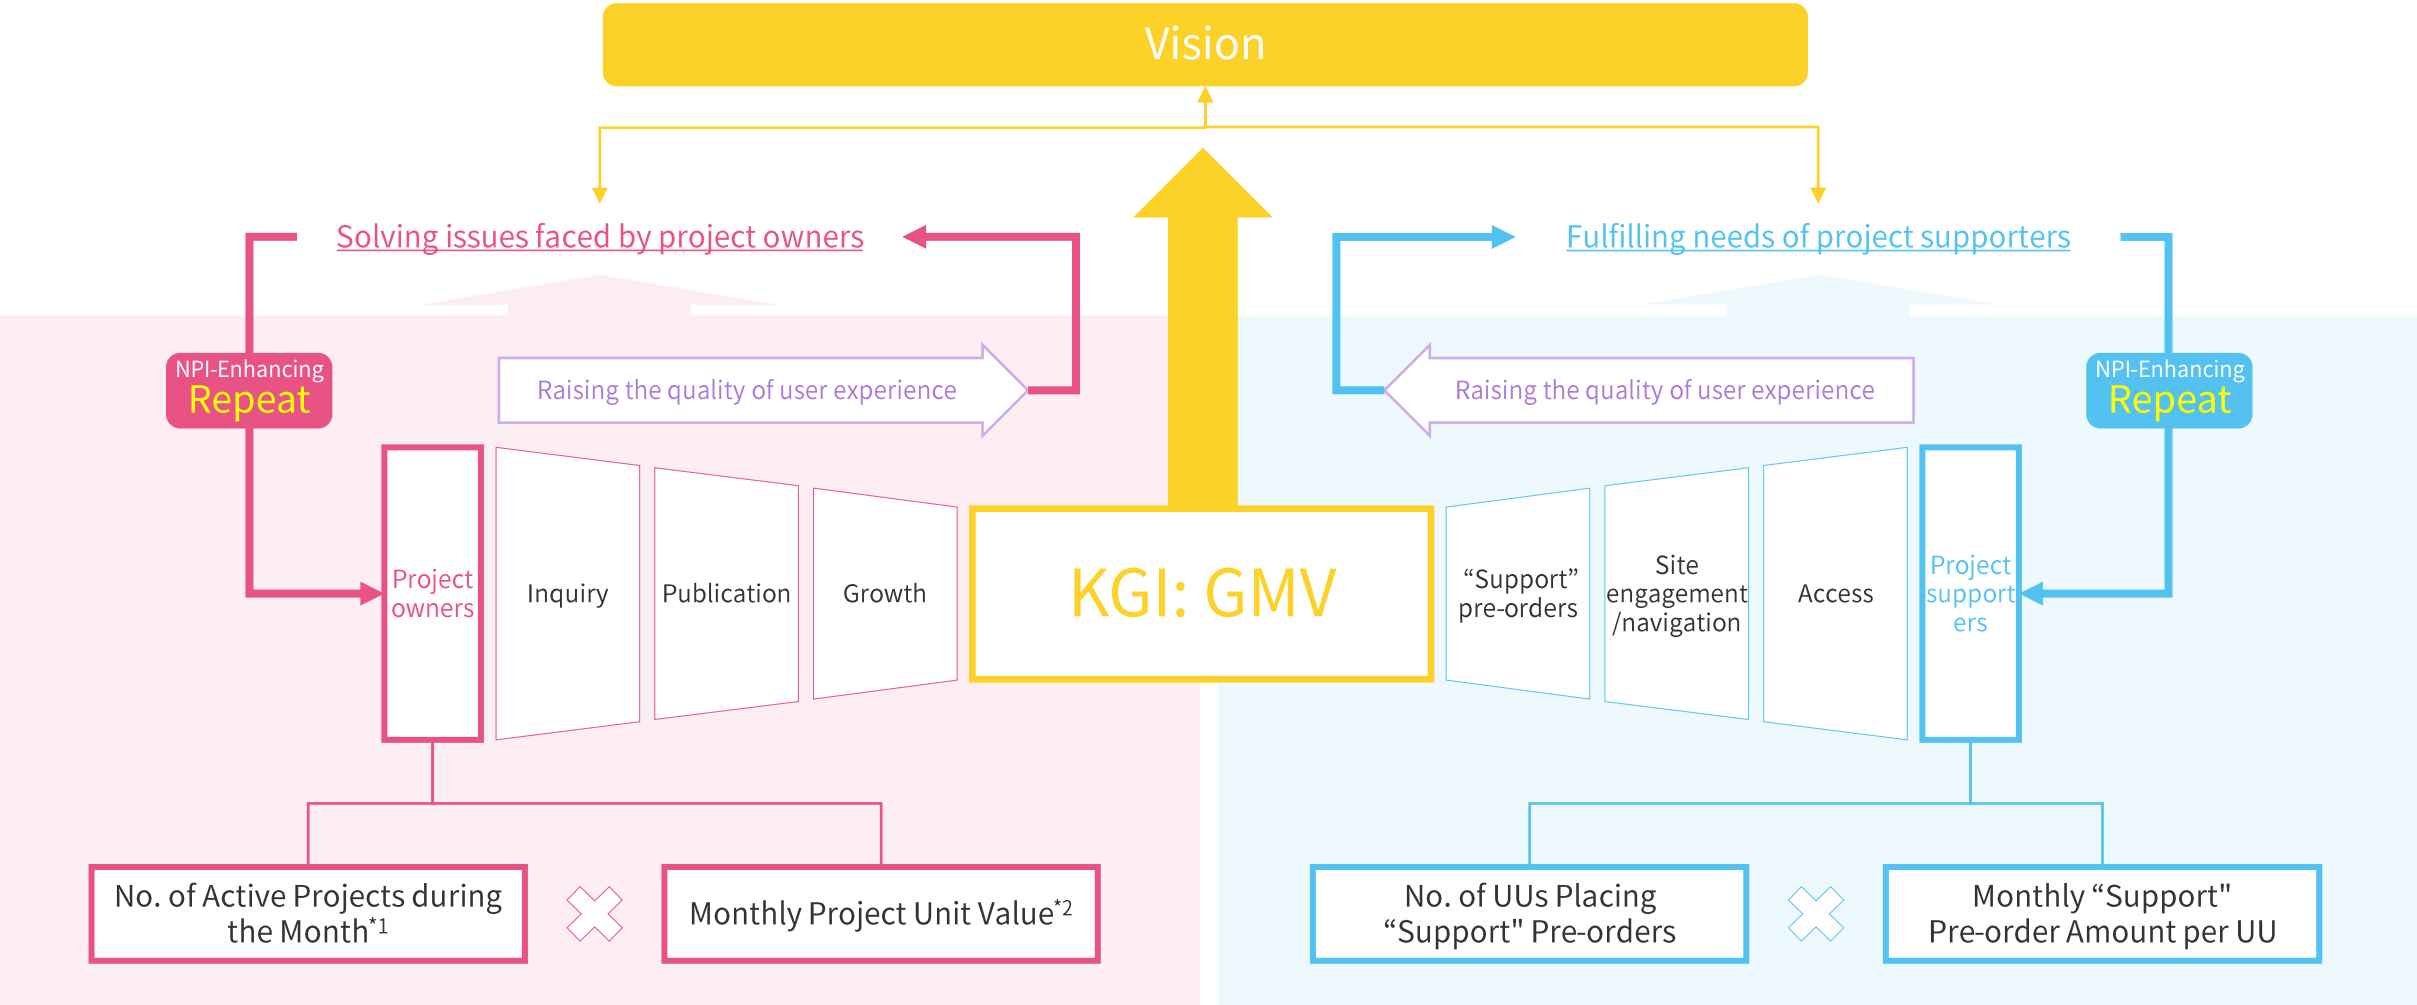

- Businesses can pre-sell their new products and services still in the planning phase on Makuake, while consumers, in the spirit of cheering on, can pre-purchase their products of interest through “support” pre-orders

* New commission of 20% excluding tax (22% including tax): Applied to projects published from October 1, 2024, onward as a consequence of inquiries received through July 21. This also applied to project publications arising from inquiries received after July 22

Factor Analysis of Makuake's Service Structure

- GMV, a KGI of Makuake, can be broken down into factors relating to project owners and supporters. These factors multiply to drive accelerated growth

*1 Number of Active Projects during the Month: The total number of projects that had pre-sales during the month
 *2 Monthly Project Unit Value: The average amount of "support" pre-orders generated by active projects during the month

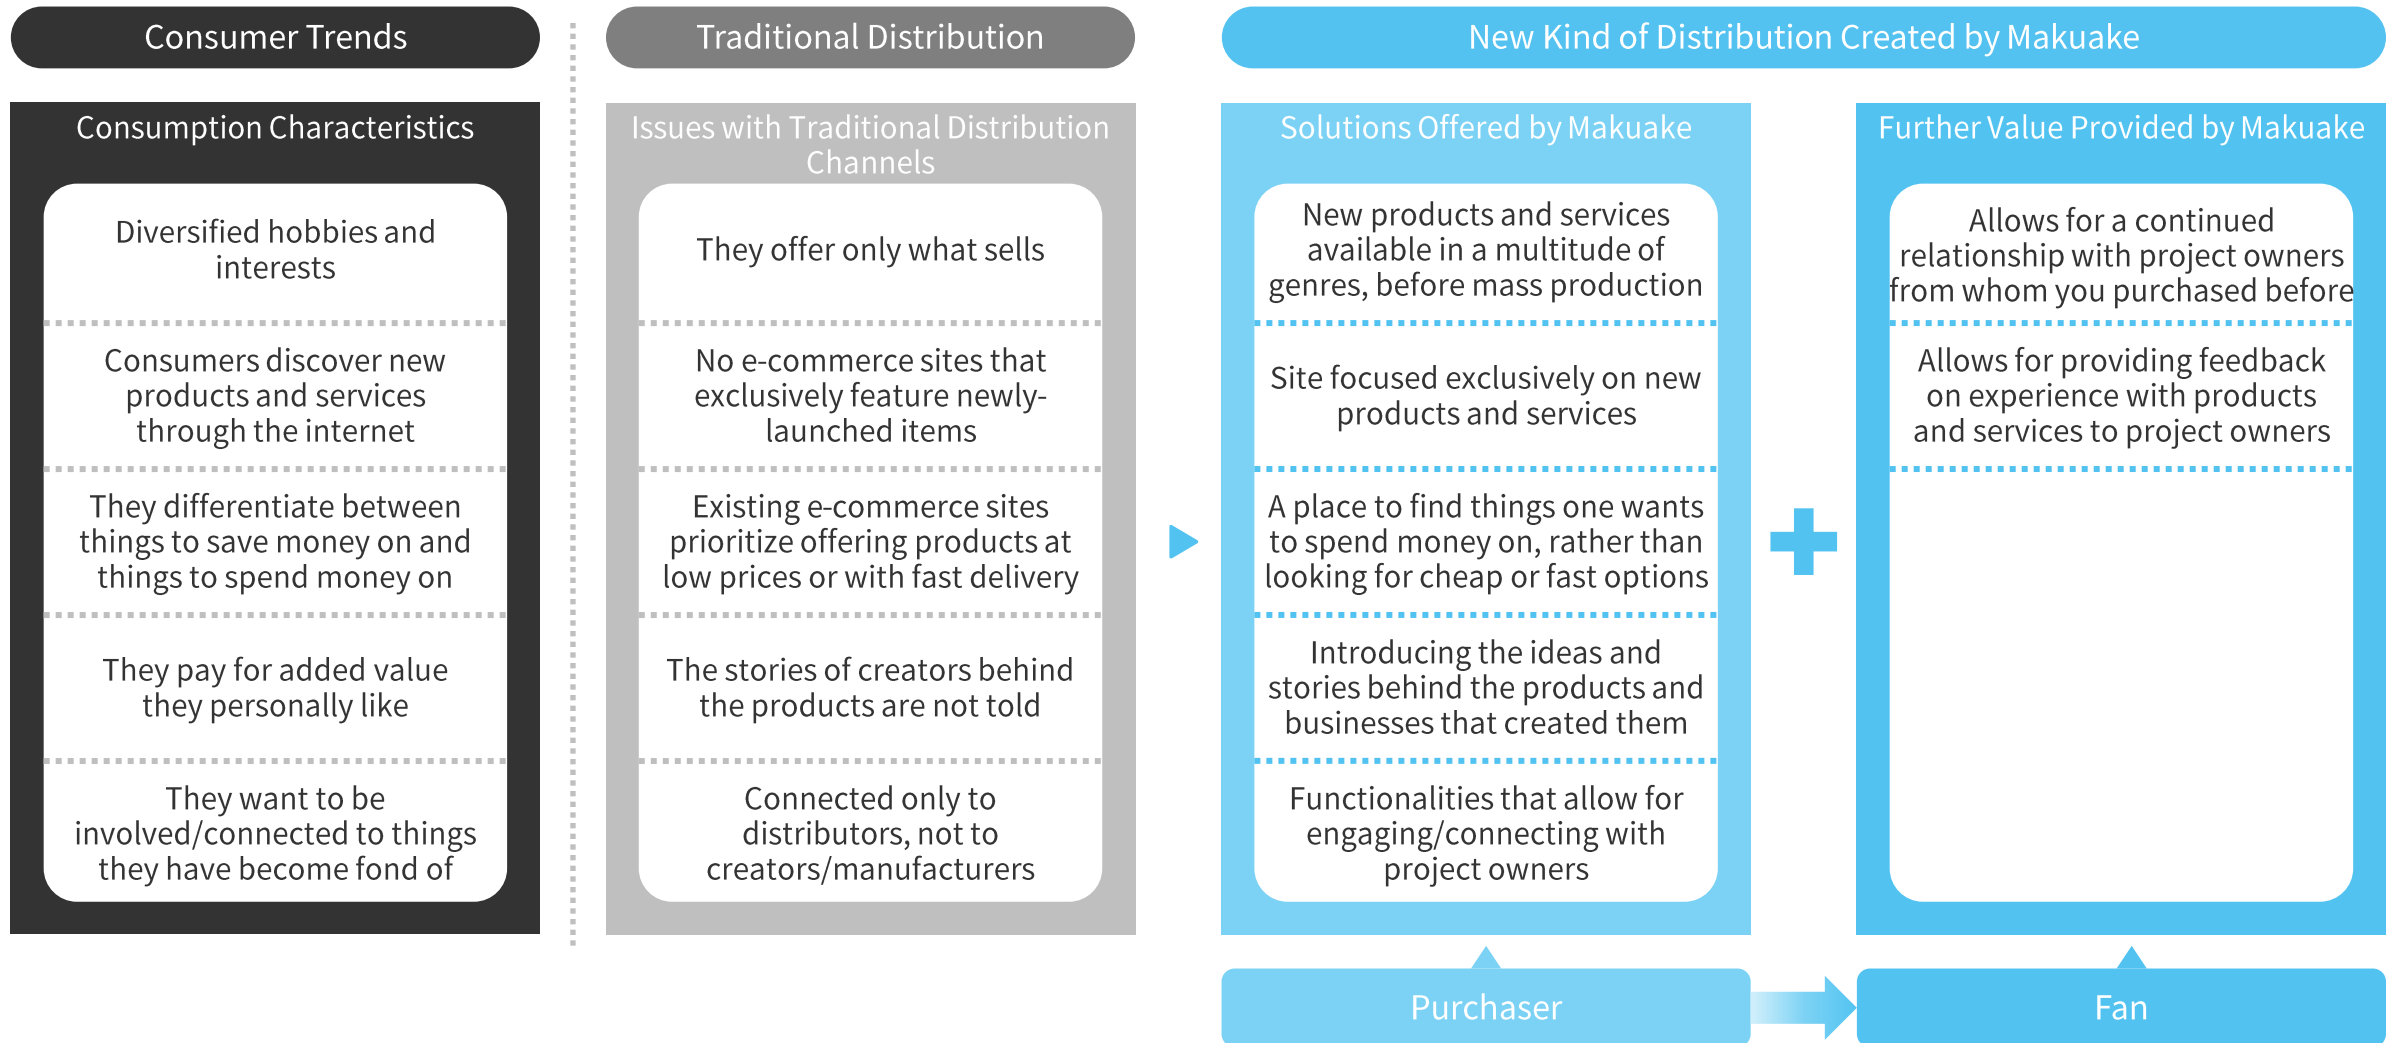

Value Provided by Makuake: Businesses

- We not only help businesses avoid the risks and burdens of distribution but also support the creation of a structure to develop new products for sustainable business growth and provide a mechanism that can turn customers of the businesses we serve into a loyal fan base

Value Provided by Makuake: Consumers

- We offer a unique purchasing experience that caters to the current needs of consumers, allowing them to go beyond being mere buyers. By connecting them with project owners and fostering mutual interaction, we help customers become fans of the project owners, and ultimately, fans of Makuake

02 Business Overview

Makuake Incubation Studio

Makuake Incubation Studio (MIS)

03 Target Markets and Market Environment

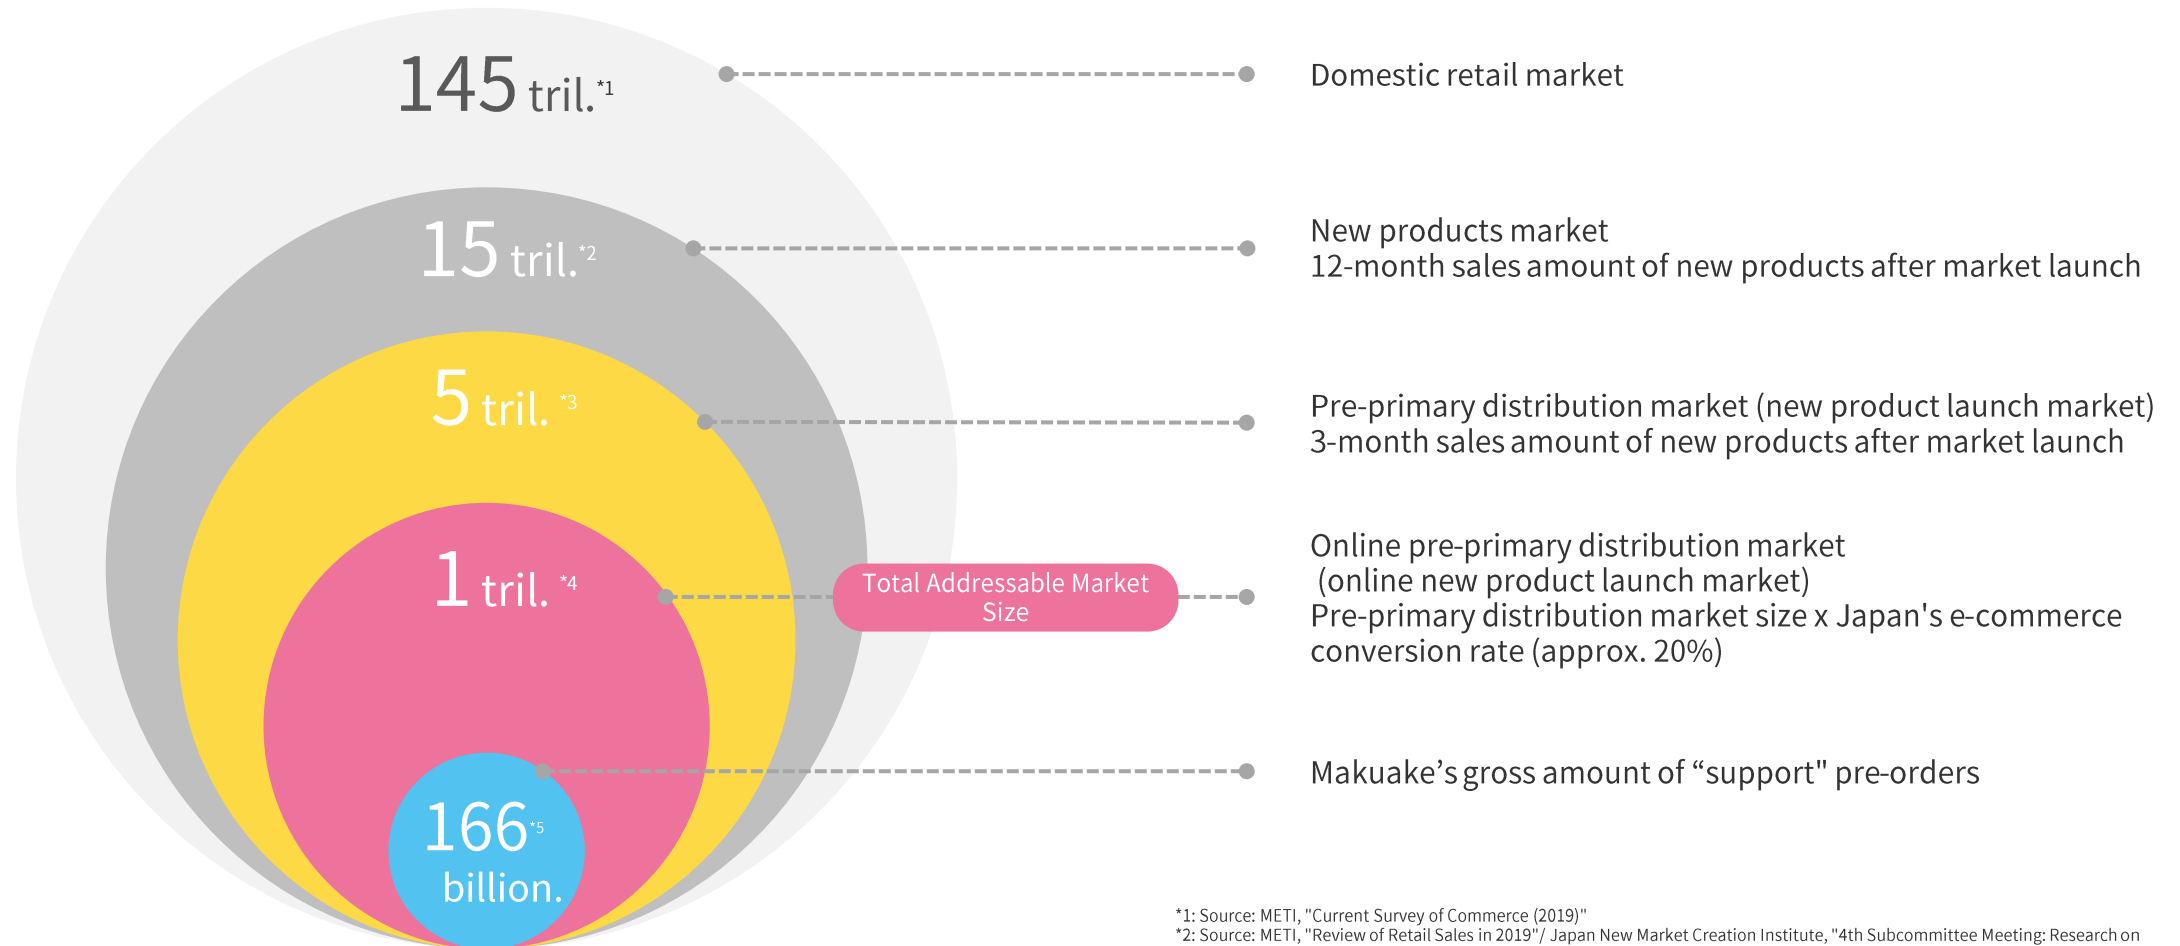

Target Market

- By developing and fostering a new market--the "Pre-Primary Distribution Market", which no one was able to move online due to technological barriers and operational complexity, Makuake continues to strive to create an environment that makes it easier for new products and services to come into being

Target Market Size: Maximum Potential Market Size for New Products (Goods)

- We recognize that the JPY 1 trillion online pre-primary distribution market, which is a subset of the pre-primary distribution market (the new product launch market), is the total addressable market for Makuake

Makuake's Competitive Environment

- By establishing a pre-sales model that specializes in new products and services before their general distribution, we have established a unique position differentiated from conventional e-commerce marketplaces and crowdfunding sites--we are thus operating our business as a standalone player

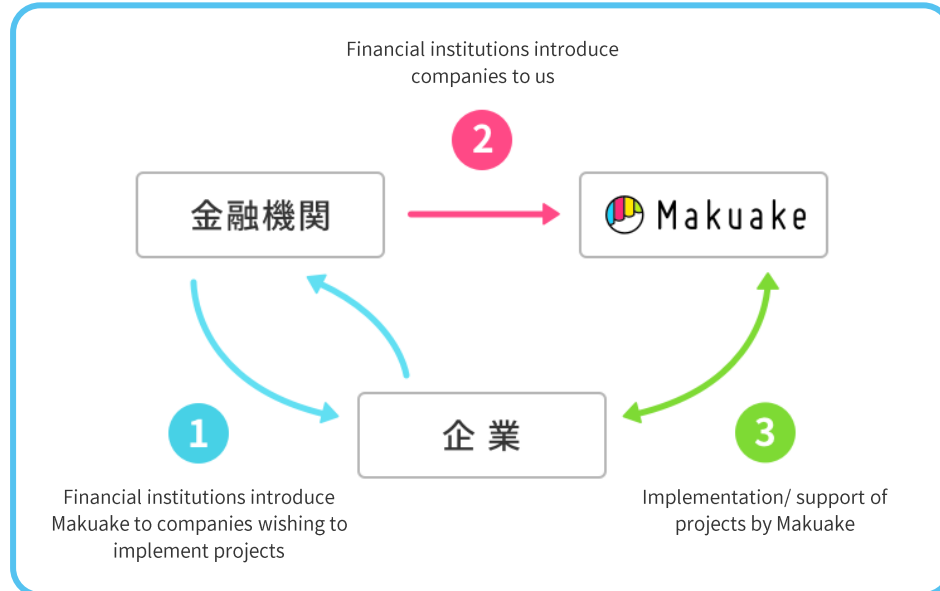

Competitive Advantage

- By combining our strengths, we are able to offer a service – continuous introduction of new products ahead of the primary distribution market – that was not possible before

Competitive Advantage (1) Ability to Reach Businesses Across Japan

- We have established a system for securing quality projects through tie-ups with over 100 financial institutions nationwide and Makuake Incubation Studio

Approximately 100 financial institutions in Japan with cooperation arrangements

Simultaneously raises local awareness of Makuake's name and provides for project listings from local companies

Leading Companies in their Respective Industries

MIS proactively collaborates with large companies to create groundbreaking products that attract significant attention

Competitive Advantage (2) Curator Consulting Maximizes Project Appeal

- For all projects, the curator in charge supports maximizing appeal of the product's project page and the amount of “advocacy” buying it generates

Competitive Advantage (3) Screening/Monitoring System by Category for all Projects

- In addition to inspecting all projects at three stages based on per-category screening items, we monitor execution from project listing to product delivery with the aim of building a safe and worry-free site, while continuously working on improving our operational efficiency

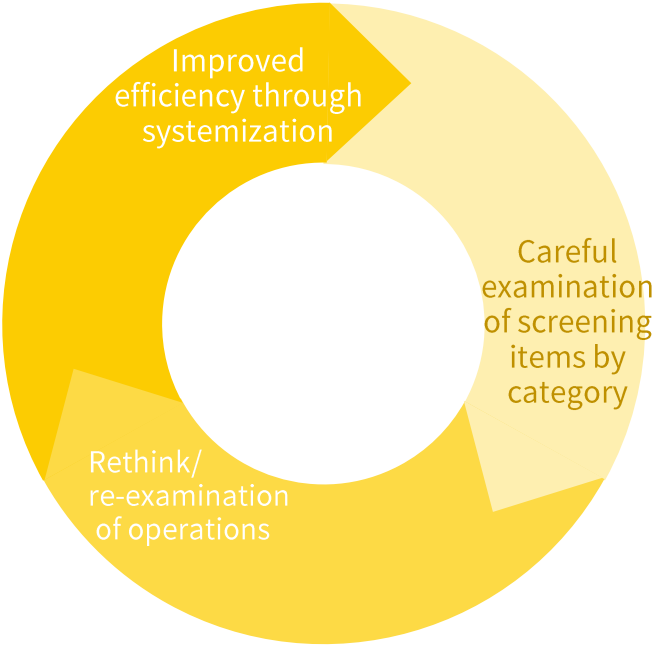

Screening/Monitoring System per Category

Screening/monitoring flow

Operations and Systems in Pursuit of Efficiency

Accumulated expertise on screening operations for over 10 years
Streamlined operations through systematization

Competitive Advantage (4) Ability to Attract Customers

- In addition to an average of over 9,000 articles appearing every month in the news media about Makuake’s projects, our initiatives to attract customers have created a feedback effect where an increase in the number of projects leads to an increase in our ability to attract customers

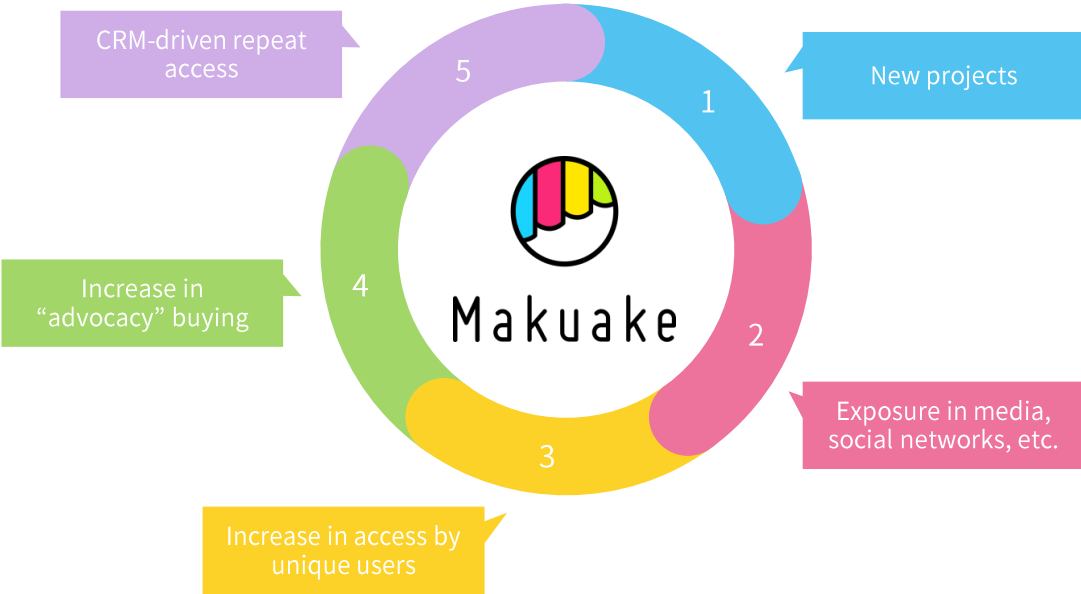

Average Monthly Media Coverage **9,000** articles

Makuake is recognized by the media as a marketplace where dozens of new products are launched every day, with an average of more than 9,000 Makuake-related articles written monthly

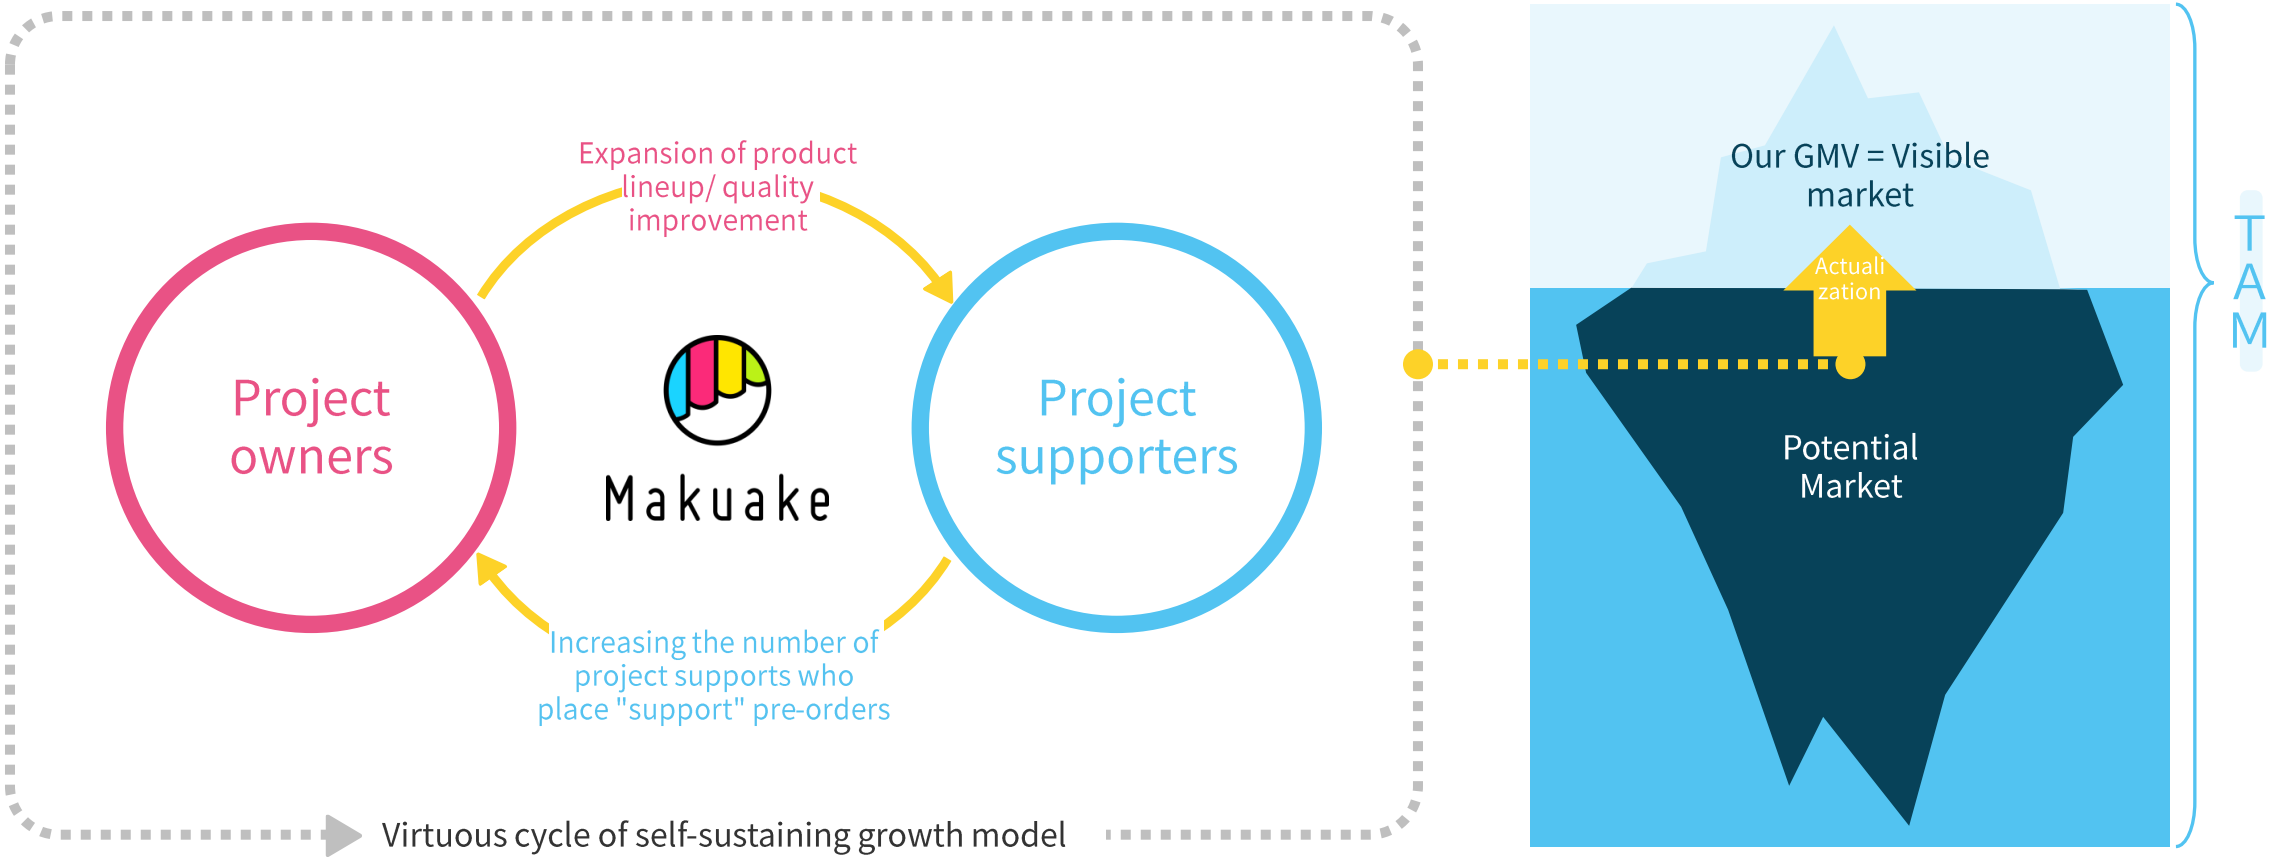

Access by Unique Users **900** Mil.+

Makuake is used as a medium for new products, a marketplace to encounter new products suiting users' own hobbies and tastes

Competitive Advantage (5) self-sustaining growth model

- Makuake operates on a self-sustaining growth model that enables both project owners and supporters to thrive, thus accelerating overall growth. We believe that the virtuous cycle of self-sustaining growth leads to GMV growth, which in turn actualizes our TAM

04 Growth Strategy

04 Growth Strategy

Growth Strategy Going Forward

For Project Owners: Provide End-to-End Support Backed by Data, Our Competitive Strength, for Businesses to Expand and Thrive

- By leveraging the data accumulated via our various services and providing seamless support for business development, we aim to increase the transaction amount per project owner and extend the transaction period

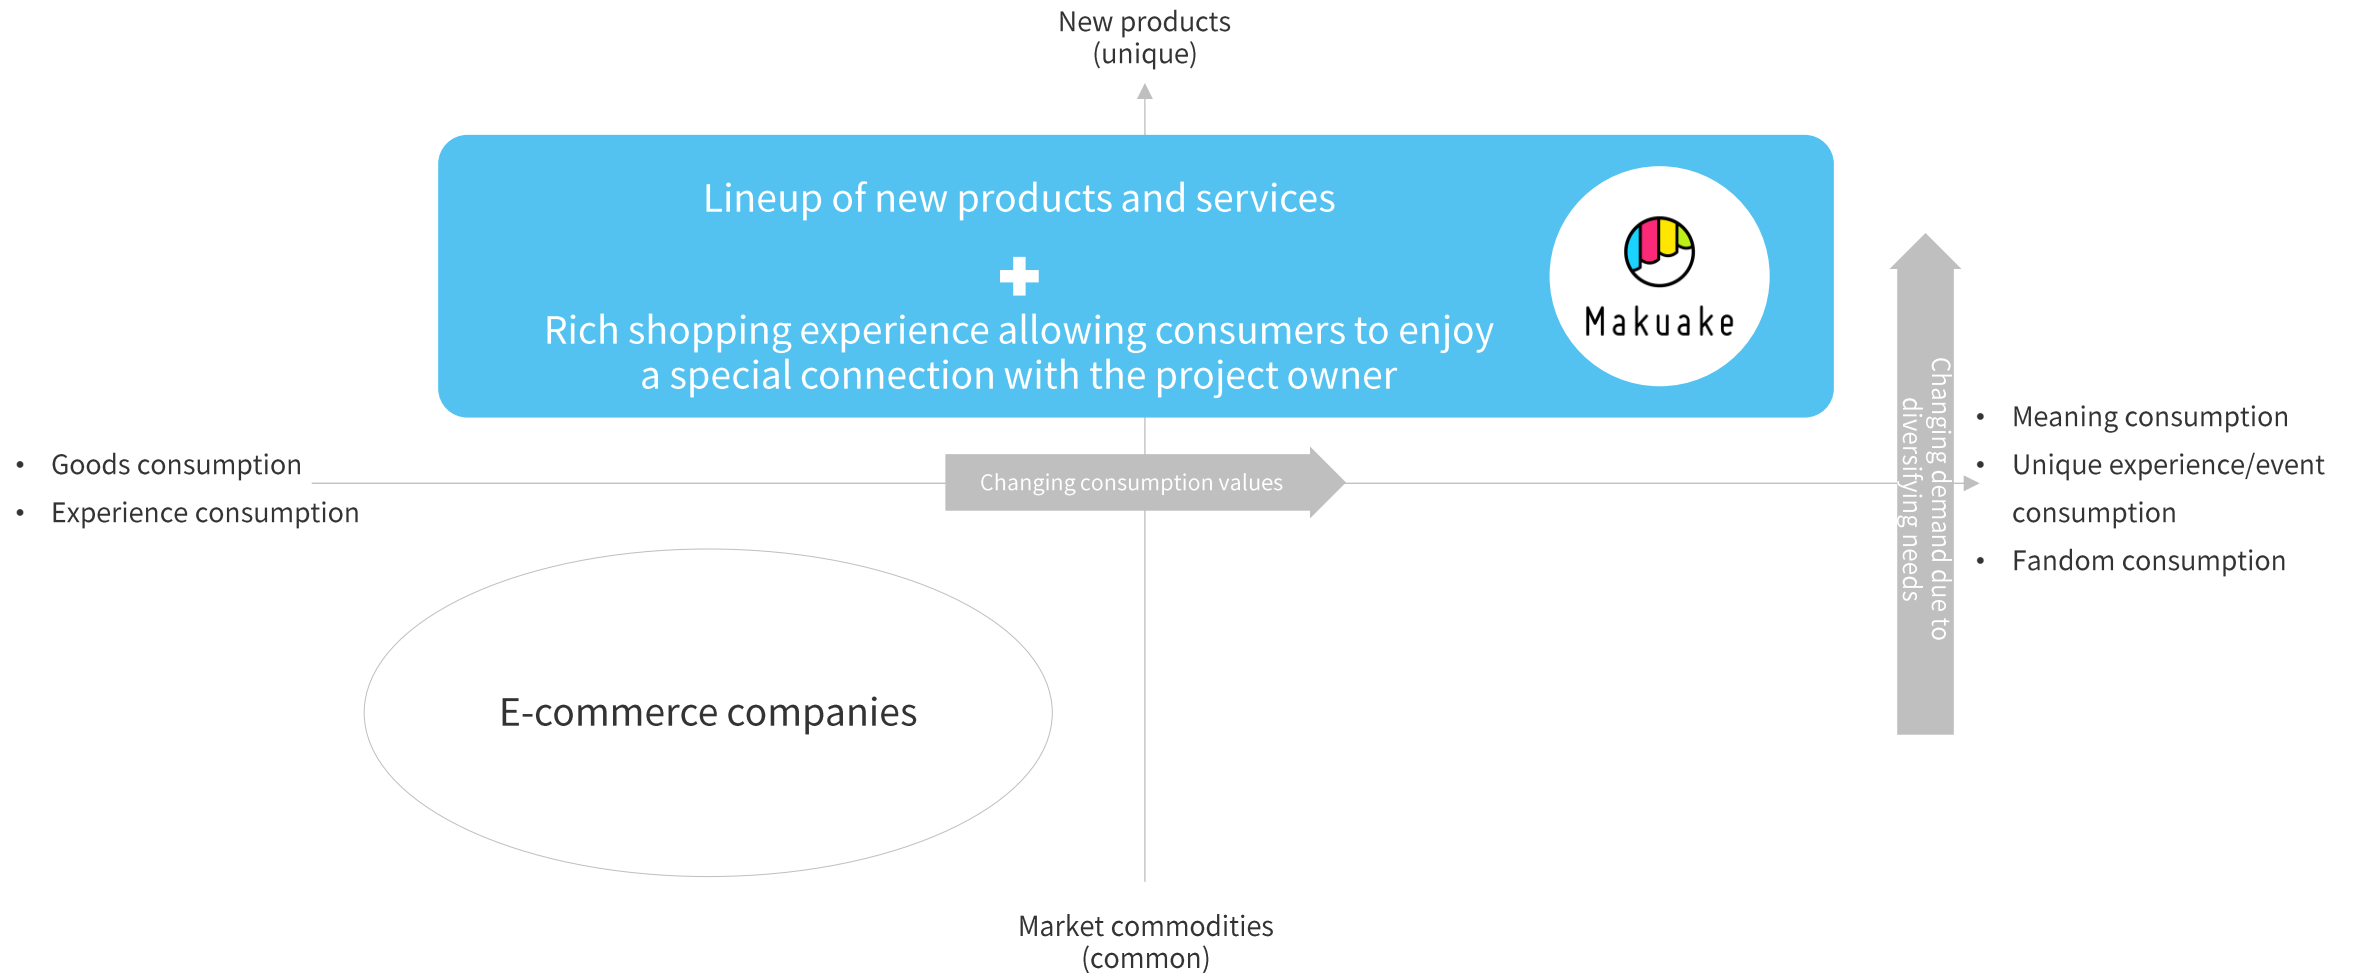

Expansion of service offerings/ Increase in the number of target client companies/ Comprehensive account consulting services

Increase in transaction value and project duration per project owner = Enhanced customer lifetime value (LTV)

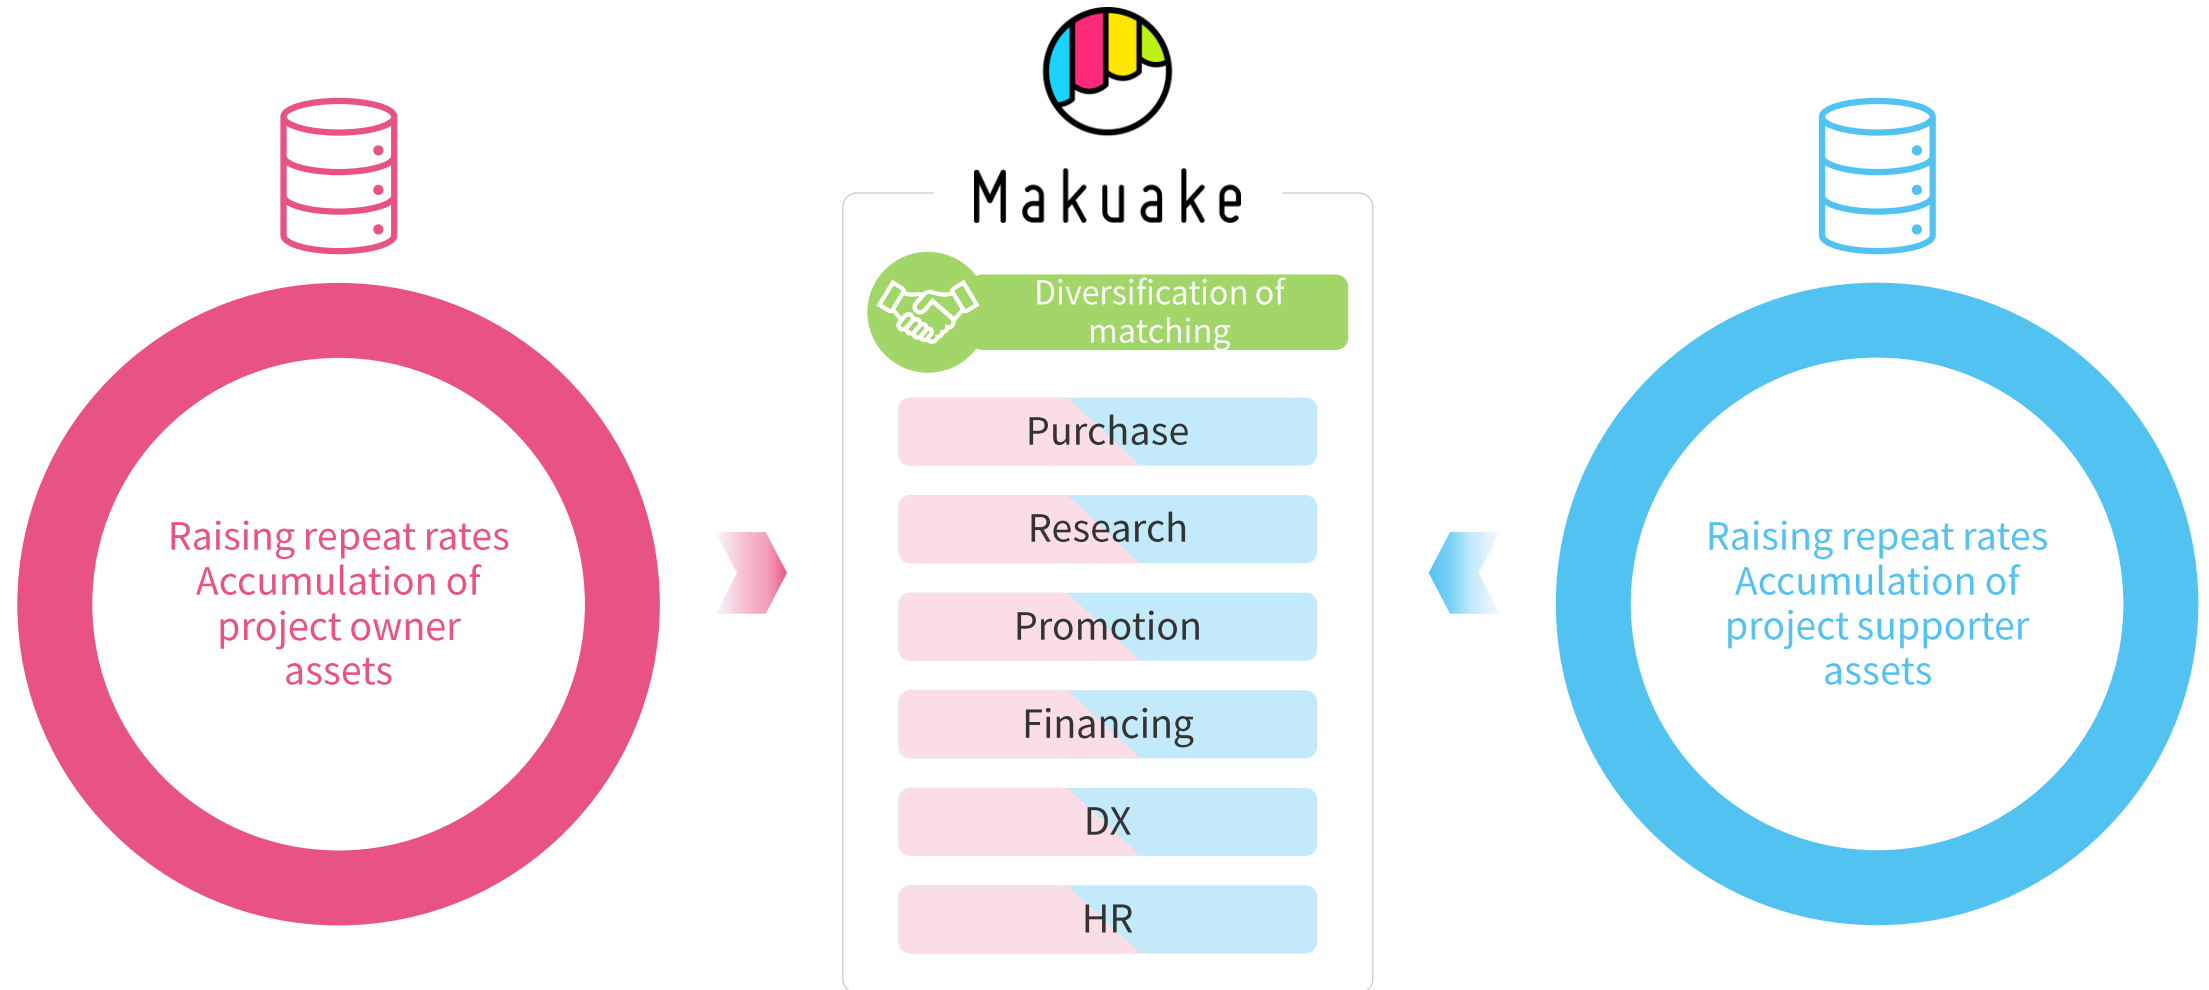

For Supporters: Enhance the Unique Purchasing Experience We Offer, Further Bolstering Our Competitive Advantage

- As consumer needs diversify, the value of consumption is shifting from goods and experiences to meaning (purpose, social contribution), unique experiences (participation in unique events), and people (fandom). We intend to further enhance the unique purchasing experience we provide to consumers through Makuake, with the aim of solidifying our competitive strength

Medium- to Long-term Management Policy

- We are aiming to growth GMV and improve profitability by accumulating project owner and project supporter assets and diversifying our matching service that aligns the needs of both

04 Growth Strategy

Risk Factors and Countermeasures

Seasonality for Makuake

- In Q2 (January–March), the number of projects published tends to be low compared with other quarters due to seasonal factors, including the quarter having fewer business days and an extremely slow start for businesses at the beginning of the year. As a result, the total amount of "support" pre-orders also tends to be low during this quarter

(Unit: project)

Number of Projects Published

The number of projects published tends to decrease in Q2 due to seasonal factors

(Unit: JPY million)

Amount of "Support" Pre-orders

GMV tends to decline during this period as well

Countermeasures

Minimize the decline in the number of projects published per business day while working to increase the quarterly average number of projects published over the full year

Risk Factors and Countermeasures

- We will grasp, analyze, and evaluate risks that may emerge as we execute our medium-term growth plan, and implement countermeasures to control these risks

Possible risks	Impact on Business	Details of Impact	Measures against risks
<p>1 Leakage of personal information through hacking, etc.</p>	<p>High</p>	<p>Potential impact on our operations and business results due to loss of social credibility</p>	<ul style="list-style-type: none"> Carrying out of security audits
<p>2 Issues with projects, such as delivery delays</p>	<p>Medium</p>	<p>May Be held accountable as platform operator</p>	<ul style="list-style-type: none"> Continuous operation and improvement of screening and monitoring systems
<p>3 Considerable shrinkage of the Internet ad market due to the regulations on Internet ads</p>	<p>Medium</p>	<p>Potential impact on our operating results and financial condition due to a decline in our ability to attract customers</p>	<ul style="list-style-type: none"> Sharing of information with online ad media and agencies Speedy proactive measures
<p>4 Risks related to the securing and loss of personnel</p>	<p>Medium</p>	<p>Potential impact on operating results and financial condition due to repercussions on our business growth if we are unable to secure planned-for personnel in a timely manner, and/or personnel training does not progress as planned, and/or there is an outflow of our employees to other companies</p>	<ul style="list-style-type: none"> Improvements in flexibility of our arrangements to accommodate remote work and diverse workstyles Maintenance of an appropriate pay system supported by sound financial standing Securing a variety of career options by creating new businesses, business bases, etc.

04 Growth Strategy

Dividend Policy

As the company is currently in a state of growth, we believe that by retaining profits and prioritizing investment in expanding business size and improving earning power will lead to maximization of our corporate value and a continuous stream of profit return to shareholders.

As to future distribution of dividends out of surplus, our basic policy is to do so with consideration of balance versus retaining profits. For the time being, we have elected for policy prioritizing retaining profits, and no determination has been made as to the timing for issuing dividends.
